

# PALCLAD™ Pro

Interior PVC Wall Cladding Panels

## Overview

PALCLAD™ PRO PVC interior wall cladding panels are an attractive, easy-to-install, and cost-effective alternative to Fiberglass Reinforced Plastic (FRP) panels. Unlike FRP panels, PALCLAD PRO contains no fiberglass, is extremely durable and will not erode or “fiber bloom”, ensuring a sleek, long-lasting surface.

PALCLAD PRO panels are easy to handle and install. Panels can be glued or mechanically fastened to almost any solid, clean surface, including drywall, concrete block, wood, metal, etc. Connecting profiles are also available. This makes it an ideal solution as a wall or ceiling covering in any remodeling or new construction project.

Made of PVC, PALCLAD PRO panels are inherently chemical and water-resistant, and are impervious to bacteria, mold and mildew. With its high resistance to moisture and ease of cleaning, PALCLAD PRO is designed to withstand environments requiring frequent deep-cleaning or are water-prone.

## Main Benefits

- Class A fire rating, self-extinguishing
- Installer-friendly, no fiberglass particles
- Easy to thermoform, bend
- Highly resistant to a wide range of chemicals and cleaning agents
- Easy to clean with trouble-free maintenance
- Attractive smooth or matte surface
- High impact strength & scratch resistant
- Environmentally friendly, non-toxic
- 5 year limited warranty

## Typical Applications

- Public restrooms, locker rooms
- Commercial kitchens, cafeterias
- High traffic areas (hallways, lobbies)
- Offices, waiting rooms
- Car wash, wash down areas
- Corrosive environments
- Animal confinement, kennels
- Specialized HVAC applications

## Dimensions

Color	Thickness	Width x Length
White	1.5mm, 2.0mm, 2.5mm	4' x 8', 4' x 10'

Available in Smooth & Matte finishes. Special colors available, subject to minimum quantities.

## System and Accessories

Part	Drawing	Package / Size
PVC H Section Profile White Base + Colored Cap		10'
PVC J Section Profile White Base + Colored Cap		10'
PVC Inner Corner Profile		10'
PVC External Corner Profile		10'

## Flammability

PALCLAD Pro complies with the most demanding international fire resistance standards in the field of plastics, as indicated in the detailed table herein. The classification is subject to product type, thickness and color.

Panel Type	Standard	Classification
Standard Panel	EN 13501	B, s3, d0
	BS 476-7	Class 0
	ASTM E 84	Class A
