Legal Structure

Corporate Structure

A world of solutions

Palram provides solutions for construction & architecture, sign & display, safety & security glazing, agriculture, industrial fabrication, and home & outdoor living.

One-Stop Shop

Palram is among the few manufacturers worldwide that truly serve as a single resource for polycarbonate, PVC and acrylic, in solid, foam, multiwall, flat and corrugated sheets. Palram's finished products divisions produce DIY kits and preassembled products for home, outdoor and commercial spaces.

Professional progress & Innovation

Palram is always at the forefront of technology with its advanced solutions for diverse applications. Its worldwide facilities meet the highest manufacturing standards and processes.

Long-standing Reputation & Global Presence

With over 55 years of experience, a large portfolio of products and thousands of customers, Palram is recognized as a leading brand for quality and service. Palram's global presence ensures the continuous availability of products with standardization for global customers.

Global Presence

United Kingdom

Palram operations in the UK serve as a logistic base for Europe. Two production plants, Palram Polycarb in Doncaster and Palram DPL in Durham, produce polycarbonate and PVC sheets accordingly. Palram Applications, the finished products subsidiary, operates a logistic warehouse from Doncaster.

The Americas

Palram operates three subsidiaries, polycarbonate and PVC sheet plants and a distribution center, all located in Allentown, Pennsylvania. Palram Americas, the distribution subsidiary, markets Palram's products throughout the Americas and operates 2 warehouses across in the US. The company's corrugated products are the US DIY market leader. Palram Americas operates a sales and logistics branch in Mexico to closely serve the company's customers in this region. Management of the South & Central American market is divided between Palram Americas and Palram ROW.
